## Don't make your home a target.

### **BASIC PREVENTION**

---

Simple tasks to help keep you and your property safe:

- Lock all doors and windows.
- Try to keep first floor windows secured even during warm weather months, especially at night while asleep.
- Keep valuables out of public view.
- Never allow unknown individuals into your home, apartment building, or complex! This also applies to hosting parties where several unknown individuals are wandering in and out. They may be casing your apartment.
- Keep a detailed list of valuable items in your home, including serial numbers, make, model, and value. If possible, take photographs.
- Report suspicious activity immediately and give good detailed descriptions.
- Make your home look like someone is always home.
- Renter's insurance: If you don't have it, get it!
- Make sure the locks on all doors and windows secure properly; if not, contact your landlord to have them repaired.
- If you leave for vacation, limit the number of people you inform and be careful posting on social media that you are away from your home.
- When going on break from school, try to take your valuables with you. Do not leave electronics or jewelry behind.
