Re: Permit extension

Project: Riverside Ave Apartments

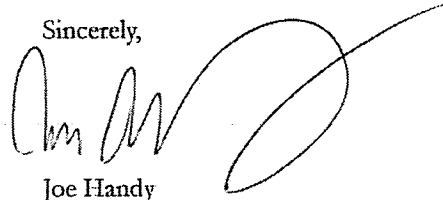

Project Location: 110 Riverside Ave

Dear Mary:

I want to inform you that Sisters & Brothers Investment Group want to file for an extension. They submitted all the required information last year and are waiting water supply approval and ACT 250 permit approval.

The Act 250 Draft permit was issued on 7/9/2015 and is pending issuance of the Water Supply Construction Permit. The Water Supply Construction Permit was submitted on 6/30/2015 to the ANR Drinking Water and Groundwater Protection Division. Initial review comments were issued on 11/25/2015, which required additional design work relating to the fire suppression system. This design work was completed and submitted back to the Water Supply Division for technical review on 5/11/2016. As of 6/8/2016, the application is still under technical review by the ANR.

Sincerely,

A handwritten signature in black ink, appearing to read 'Joe Handy', with a large, sweeping flourish extending to the right.

Joe Handy

Re: Permit extension

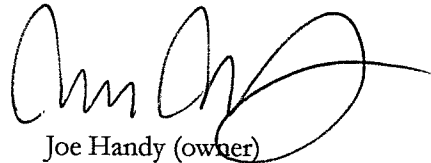

Project: Riverside Ave Apartments

Project Location: 110 Riverside Ave

Dear Mary:

I want to inform you that Sisters & Brothers Investment Group want to file for an extension. They submitted complete applications for state permits (Wastewater System and Water Supply, Water Supply Construction, and Act 250) last year. A Draft Act 250 Permit has been issued and further action by agencies on both Wastewater and Act 250 permits is pending approval of the Water Supply permit, which is under technical review.

Sincerely,

A handwritten signature in black ink, appearing to read "Joe Handy", with a large, sweeping flourish extending to the right.

Joe Handy (owner)
