Operation Clean Sweep is Coming to Burlington, 4/28-5/6

Sweeping is Vital to Lake Health

Translated materials available below & on-line

Burlington, VT – Public Works has announced the annual dates for comprehensive street sweeping in Burlington. Beginning April 28th and ending May 6th, sweeping will take place one “Zone” at a time. See the [map](#) below or visit <https://www.burlingtonvt.gov/DPW/Clean-Sweep> to find your Zone. Translated material is available below.

While targeted sweeping operations start earlier in spring, it’s when pavement temperature are consistently warm where DPW can make a full citywide sweeping push. Street sweeping is vital to Lake health and our health. Sweeping picks up sediment and leafy debris which contains phosphorus and prevents it from entering the Lake where it can fuel cyanobacteria blooms. This keeps the roads safer by clearing them of debris and protects our homes and infrastructure by limiting flooding from clogged storm drains.

Public Works Requests Your Help

Sweeping typically happens between 10PM-7AM and DPW requires that you move your cars off-street, to another zone if nearby or to a City garage (free on your night of sweeping from 7PM - 9AM). Cars that are not moved from the street may be towed and/or receive a \$125 ticket.

It is also important to note that you should not sweep debris out onto the street during Clean Sweep or any other time as this can be dangerous for cyclists or pedestrians. Yard debris like this can also be detrimental to the sweepers. We also ask that you move any basketball hoops, or other property, out of the street and off of the greenbelt.

If you believe your street was missed and it's in need of sweeping, please visit burlingtonvt.gov/dpw/scf to make a Sweeping report. If you would prefer to call or for any other questions please call 802-863-9094 x3 between 7:00 am to 4:30 pm or email us at dpw-pinecustomerservice@burlingtonvt.gov
