AUTHOR:	APPROVED BY:
Sarah Hernandez Timm	Lieutenant Beliveau and Chief Murad

NARRATIVE:

UPDATE:

The injured victim, who was transported to the University of Vermont Medical Center on Saturday, is currently stable but still hospitalized. No additional information is currently available. The investigation into this incident is active and ongoing.

INITIAL:

Today, Saturday April 29, 2023, at approximately 1147 hours, dispatchers with the Burlington Police Department received calls of an apparently injured man at the southwest corner of Church St and Main St. Responding BPD officers discovered a male victim, in his 40s, who had apparently been shot in the chest. He was removed to the University of Vermont Medical Center by personnel from the Burlington Fire Department. A Vermont State Police trooper who was nearby responded as well and assisted with scene security; the BPD thanks the VSP for its assistance. Preliminarily, it is believed that the shooting took place in an apartment near the location where the victim was found.

This is the second shooting incident the BPD has recorded in 2023. The investigation into this incident is in its earliest stages.

Anyone with information about this incident is asked to contact the Burlington Police Department at (802) 658-2704.

Information is preliminary and subject to change.
