POLICE DEPARTMENT  
CITY OF BURLINGTON

Since last Saturday's incident, the BPD's investigation has developed probable cause that Mr. Smith—wearing a mask, ski goggles, and gloves—and another person, also masked, made their way to an apartment at 165 Main Street in search of a person with whom they had exchanged adversarial and threatening electronic messages. They climbed a fire escape into the location, traveled across a roof, climbed another fire escape, and entered a hallway. They then pounded on the door of the apartment. When they could not enter in that manner, they physically broke through the wall separating the hallway and the apartment. Tyrin Smith then shot a victim, Aquill Nickson, in the upper chest. Mr. Nickson was not the person with whom Mr. Smith had been exchanging threatening messages. Wounded, Mr. Nickson fled the apartment to the southwest corner of Church Street and Main Street, where he was found by responding officers and personnel from the Burlington Fire Department. As he fled he discarded a large quantity of crack cocaine. Mr. Nickson was subsequently arrested for felony drug possession, and, owing to that arrest, is being identified. (It is the normal practice of the BPD not to identify crime victims.) Other individuals fled from the apartment by jumping from a third-story window. Information is preliminary and subject to change.

Detectives interviewed witnesses, canvassed for video, and collected other evidence. That Investigatory work led to their identifying Mr. Smith as the suspect. It is believed that Mr. Smith initially fled the state, but eventually returned. Detectives located him and effected today's arrest. Mr. Smith is being held without bail until arraignment. The juvenile female is being investigated as an accessory after the fact.

Tyrin Smith does not have a Vermont criminal history, but has 36 police contacts in Valcour, and is the suspect in four incidents of burglary/robbery. Aquill Nickson has an extensive criminal history in Pennsylvania, including but not limited to illegal possession of a firearm, robbery, simple and aggravated assaults, drug offenses, terroristic threats, and flight to avoid trial.

The BPD would like to thank the United States Marshals Service, the Milton Police Department, and the Bureau of Alcohol, Tobacco, Firearms, and Explosives for their invaluable assistance in this case.

Anyone with information about this incident is asked to contact the Burlington Police Department at (802) 658-2704.
